as a response to the State's request
to provide this data in a format that allowed for easy reference.

DATA

“Only the flexibly creative person can really manage the future;
Only the one who can face novelty with confidence
and without fear.”

-- Abraham Maslow

The information on the following pages is required to be submitted every two years to the Agency of Natural Resources. Data provided in this Chapter should be considered the baseline data against which all future submissions should be compared. This information may appear elsewhere in this Solid Waste Implementation Plan, and may be presented in a different format. We offer this information in its own chapter as a means of easy reference.

Please Note: This section is a compilation of the data found elsewhere in this document. It is not available in electronic form as an individual chapter.
